

SAINT JOSEPH'S UNIVERSITY

Career Development Center

**Liz Tortu**

Psychology major, Class of '07  
Internship with **Summer Scholars Program**

**How did you find your internship?**

SJU academic department.

**What were some of your internship responsibilities? What was a typical day like for you?**

Researching, reading articles, running statistical analyses.

**What aspect(s) of your internship did you find the most rewarding?**

Getting a feel for what researching with a professional is like and what type of commitment it requires.

**What aspect(s) of your internship did you find the most challenging?**

Researching can be very lonely.

**How did your internship contribute to your professional development?**

It has helped me narrow what career fields I intend to pursue after graduation.

**What advice would you offer to SJU students about finding an internship and/or being a successful intern?**

Be vigilant, and stay committed.
